Report on student Satisfaction Survey for year 2022-23

95 % of the students expressed the syllabus was covered by the teacher in time and teacher has teaching plan for the class thoroughly 93% of the students revealed that teacher always had communicated with the students effectively and teachers approach described as excellent . 91% of the students expressed the fairness of the internal evaluation process by the teacher and teacher discussed their performance in the class room. Teachers were keen and active in arranging field visits to students. Students believed the teachers approach. 86% of the students expressed that teacher provided multiple opportunities to learn and grow. Students expressed that those faculties regarding class rooms and infrastructure is good. Regarding completion of syllabus, interested generated by the Faculty, depth and content of the subject and different teaching methods used, many of the students felt that they are very good. In case of Curricular , extracurricular activities in the college and regarding sports /Games facilities, majority of the students expressed that they are good. All the students opined that the library and learning resources in the college very good.

ACTION TAKEN REPORT:

1. Bridge courses are planned to fill the gap and prepare them to learn new concepts.
2. Placement Training scheme improved year after year with current trends in industry and on consultation with experts to provide a holistic development of student's employability at par with current scenario.

Hence I further submit that there is not any adverse feedback from the stakeholders on the curriculum, load of the syllabus relevance theory and practical along with other aspects in the feedback procedure.
